PREAMBLE

The Annual Report 2024–2025 of G H Raisoni University, Amravati presents a comprehensive overview of the University's academic, administrative, and developmental achievements during the year. It reflects the collective efforts of the University community toward academic excellence, research advancement, innovation, and social commitment. This document aims to highlight the institution's structure, governance, initiatives, and key accomplishments across all schools and departments.

The report highlights activities across curricular, co-curricular, and extra-curricular domains, showcasing the University's holistic educational approach. It outlines programs, admission trends, and reforms aligned with the National Education Policy (NEP) 2020), supported by innovative teaching methods such as outcome-based and experiential learning. Emphasis on research and innovation led to growth in publications, patents, and funded projects, while industry collaborations and MoUs enabled joint research and internships. The IPR Cell further promoted creativity and entrepreneurship among students and faculty.

The Training and Placement Department has continued its efforts to strengthen the University–industry interface, preparing students for professional success. Through skill development programs, mock interviews, and interaction with industry experts, students have been trained to meet evolving career demands. The department's consistent engagement with reputed organizations has resulted in promising placements and internship opportunities.

The report highlights a vibrant year of co-curricular and extra-curricular activities, including workshops, seminars, and webinars that enriched academic engagement and knowledge sharing. Students actively participated in cultural, literary, and sports events, fostering leadership, teamwork, and creativity. The University also undertook social outreach initiatives through its NSS unit and student clubs, emphasizing its commitment to community service. Under the guidance of the Internal Quality Assurance Cell (IQAC), regular assessments, feedback mechanisms, and faculty development programs strengthened academic quality, while continuous upgrades of infrastructure, laboratories, and digital resources enhanced the overall learning environment.

In conclusion, this Annual Report encapsulates the dynamic progress of G H Raisoni University, Amravati during the academic year 2024–2025. It stands as a testimony to the University's dedication to nurturing excellence in education, promoting research and innovation, and contributing to nation-building through knowledge, character, and leadership.

CONTENTS

CHAPTER 1: ABOUT UNIVERSITY

G H Raisoni University, Amravati is a premier institution of higher learning dedicated to shaping the future of education through academic excellence, innovation, and holistic student development. Established in 2018 under the visionary leadership of the Raisoni Group, the university has rapidly evolved into a multidisciplinary hub of learning and research excellence. With a strong foundation rooted in quality education and societal transformation, the university offers a wide spectrum of undergraduate, postgraduate, and doctoral programs across diverse disciplines such as Engineering, Management, Science, Law, Pharmacy, Commerce, and Humanities.

From its inception, G H Raisoni University, Amravati has been driven by the mission to impart education that goes beyond textbooks and classrooms. The university aspires to nurture inquisitive minds, empower creative thinkers, and build responsible citizens who contribute meaningfully to the global community. It has emerged as a center of knowledge creation and dissemination, fostering a culture of continuous learning and innovation.

Our vision is to nurture future leaders, innovators, and professionals who are globally competent and socially responsible. Guided by this vision, the university adopts a learner-centric philosophy where students are at the heart of every academic endeavor. The mission of G H Raisoni University, Amravati is to provide high-quality education that integrates academic rigor with practical experience, thereby enabling students to excel in their chosen fields and make a positive impact on society. We aim to create an environment that encourages curiosity, creativity, and critical thinking. By combining the strengths of research, technology, and innovation, the university strives to bridge the gap between theoretical knowledge and real-world applications.

At the core of our academic philosophy lies the belief that excellence is achieved through continuous improvement and innovation in teaching and learning. The university employs modern pedagogical approaches such as outcome-based education, experiential learning, case-based teaching, and project-based assessment to make learning more engaging and effective.

Our highly qualified and experienced faculty members are the pillars of our academic ecosystem. They bring with them rich academic backgrounds, industry experience, and research credentials that enrich the learning experience of students. Faculty members actively mentor students in academics, research, entrepreneurship, and personal growth, ensuring that each learner realizes their full potential. Regular workshops, seminars, industrial visits, and guest lectures by eminent personalities further enhance the quality of education, providing students with exposure to contemporary developments in their fields.

Research and innovation form the backbone of G H Raisoni University, Amravati's academic structure. The university has established dedicated research centers that encourage interdisciplinary collaboration among students, faculty, and industry experts. These centers focus on addressing real-world challenges through innovative research, applied technology, and sustainable solutions.

The university also emphasizes the importance of industry-academia partnerships and international collaborations. By working closely with industries, research organizations, and global universities, G H Raisoni University ensures that its students and faculty stay connected with global trends and technological advancements. Through Memorandums of Understanding (MoUs) with reputed institutions and industries, students gain access to internships, live projects, and joint research opportunities.

Our initiatives in entrepreneurship and skill development further empower students to become job creators rather than job seekers. The university's incubation center provides aspiring entrepreneurs with the necessary resources, mentorship, and networking support to transform their innovative ideas into successful ventures.

The G H Raisoni University campus in Amravati is designed to provide a stimulating environment that promotes both academic and personal growth. Equipped with state-of-the-art laboratories, digital libraries, smart classrooms, research facilities, and modern hostels, the campus provides students with an ecosystem conducive to innovation and discovery.

The university also leverages digital technology to enhance learning experiences through online learning platforms, digital repositories, and interactive content. Students have access to a wide range of e-resources, ensuring that learning continues beyond classroom boundaries. Every corner of the campus resonates with a commitment to sustainability, inclusivity, and intellectual vibrancy.

At G H Raisoni University, education is viewed as a comprehensive journey of personal transformation. Beyond academics, the university provides numerous opportunities for students to explore their talents in sports, cultural events, and community service activities. Annual events such as tech fests, cultural festivals, sports tournaments, and social outreach programs add vibrancy to campus life and help students build confidence, teamwork, and leadership skills.

The university encourages participation in national and international competitions, conferences, and research symposia. Students are motivated to engage in social initiatives and volunteer programs that contribute to the welfare of society, reflecting the university's belief in the value of compassion, empathy, and ethical responsibility.

In an increasingly interconnected world, G H Raisoni University, Amravati equips its students with global perspectives and employable skills. The university's curriculum is continuously updated to meet international standards and the dynamic needs of the industry. Dedicated training and placement cells work

closely with leading organizations to facilitate internships, career guidance, and employment opportunities for students.

Soft skills training, aptitude development, and industry certification programs are integrated into the curriculum to make graduates industry-ready. Many of our alumni are successfully contributing in reputed organizations, research institutes, and entrepreneurial ventures across the globe.

Today, G H Raisoni University, Amravati stands as a symbol of progress, innovation, and educational excellence. It continues to evolve with changing times, committed to creating a transformative impact on society through knowledge, research, and leadership. With a focus on academic excellence, character building, and social responsibility, the university strives to shape individuals who are not only professionals but also compassionate human beings.

Our goal is to continue building an institution that fosters lifelong learning, encourages innovation, and inspires excellence — an institution where ideas are born, nurtured, and brought to life for the betterment of humanity.

CHAPTER 2: STUDENTS ENROLMENT, FEES OFFERED AND CONCESSION OFFERED BY UNIVERSITY

The strength of a university lies not only in its academic excellence but also in its ability to attract, support, and nurture a diverse student community. This chapter provides an overview of student enrolment patterns across various schools and programs of the University, reflecting the growth in academic outreach and inclusivity. It also highlights the structure of fees offered for different programs, ensuring transparency and clarity for all stakeholders.

Recognizing the importance of accessibility and equity in higher education, the University has consistently extended financial concessions, scholarships, and fee waivers to deserving students. These measures are aimed at promoting inclusiveness, encouraging merit, and supporting students from economically disadvantaged backgrounds. By doing so, the University reaffirms its commitment to fostering a learning environment that is affordable, equitable, and accessible to all.

This chapter thus presents a comprehensive account of student enrolment statistics, fee structures, and the range of concessions offered during the academic year 2024-25, underscoring the University's dedication to both academic growth and social responsibility.

2.1 Students Enrolment

2.3 Concession offered by University

Being the State Private University, G H Raisoni University is a self-financed University and hence is not eligible to provide any of the scholarship offered by the State Government. In the difficult times of Covid-19, the Management of the University decided to offer Covid-19 Concession to the ward of Covid Warriors. This policy was adopted in addition to the existing policy of Ward Concession where in the concession was availed by the wards of the employees and also by the faculty members themselves in certain cases. This has helped in developing the sense of belongingness among staff members. Merit-based Concession is

another important financial assistance provided to the meritous students as a token of incentives. The range of University Concession ranges from 5% to 10% whereas in some special case it is 50%. Some of the students also avail NSP scholarship offered by the Central Government .

Following is the details about the concessions offered by the Central Government and our University to the eligible students /staff during the academic year 2024-25.

CHAPTER 3: SCHOOL -WISE DETAILS RELATED TO ACADEMIC AND EXTRA-CURRICULAR ACTIVITIES

The University, through its diverse Schools and Departments, continues to strengthen its role as a hub of knowledge creation, innovation, and holistic student development. This chapter presents a consolidated overview of academic, research, and co-curricular activities undertaken during the reporting period, highlighting the collective achievements of faculty, students, and departments.

It provides **school-wise details** of programmes and courses offered, supported by dedicated faculty members and enriched with updated academic practices. Student-related data is presented in a comprehensive manner, including enrolment, caste-wise and gender-wise distribution, as well as their academic outcomes. To further emphasize quality learning, results from university examinations have been documented.

The chapter also captures the University's **research contributions** through publications, book chapters, patents, and copyrights, showcasing its growing academic footprint. Significant emphasis is placed on **placements, internships, and Ph.D. awards**, reflecting the institution's commitment to career readiness and advanced research.

Alongside academics, the University continues to provide students with opportunities for holistic growth through **value-added courses, industrial visits, departmental forums, and MoUs with industries and institutions**. Achievements of students and faculty, as well as the functioning of the **Board of Studies (BoS)**, further reinforce the University's dedication to academic excellence, innovation, and societal contribution.

This chapter, therefore, serves as a comprehensive profile of the University's Schools and Departments, portraying their progress, activities, and impact during the year under review.

1	Under the Civil Engineering Students Association (CESA), the Department of Civil Engineering organized a site visit on the 26th of August 2024 for all B. Tech students of Civil Engineering Department. The expert faculty was Prof. Anurag K. Gahalod an Assistant Professor of Civil Engineering department G.H. Raisoni University, Amravati was there along with the student, Prof. Anurag K. Gahalod did M. Tech in Environmental Engineering.The site visit was Water Treatment Plant, Maharashtra Jeevan Pradhikaran, Prof. Anurag K. Gahalod guided the students about the various steps of water treatment plant. Total 14 participants were benefitted by this visit.	
2	Under the Civil Engineering Students Association (CESA), the Department of Civil Engineering organized a site visit on April 8th 2025, for all B. Tech Civil Engineering Students. The expert faculty member for the Civil Engineering department, Prof. Ishant Dahat, was there along with the students. Prof. Dahat did an M.Tech in Structural Engineering. The site visit was to the ongoing construction of a residential building. Prof. Dahat guided the students about the design of the construction in the field. He also showed the concrete work of the staircase and ground floor slab formation. Finally, a photograph was taken on the site. Total 12 participants were benefitted by this visit.

SN	Report	Geotagged Photos
1	The Department of Civil Engineering organized a Technical Session dated on 31st of August 2024. The Expert speaker for the program was Dr. Bhushan Shinde, faculty of Civil Engineering Department. He is PhD in Structural Engineering and having experience of more than 14 years. Welcome speech was given by Prof Hemant B. Dahake sir and session was started by Dr. Bhushan Shinde. He gave a Technical Session on Advance Concrete Technologies and explained various types of fly ash and its use in different scenario in the presence of all the Civil Engineering faculty.	
2	Under the Civil Engineering Students Association (CESA), the Department of Civil Engineering organized a Guest Lecture dated 04th of October 2024 for all Engineering Students. The lecturer was Dr. Susanta Banarjee, Professor of National Institute of Technology Calicut. Dr. Susanta Banarjee did his specialization on Structural Engineering from Indian Institute of Technology (ISM), Dhanbad with numbers of publications. Dr. Susanta Banarjee explains various experimental tests to determine the conditions of masonry structures and there strength. Dr. Susanta Banarjee	

	shows various structures of buildings and their impact on masonry structures due to earthquake. The expert also shows number of example videos on shake table (earthquake), how various structures get impacted/collapsed. He guided the students about the various results on seismic behaviour and strengthening of masonry structures. Dr. Srikant Chavate, given a welcome speech to start the lecture. For the lecture, Prof Hemant B. Dahake, Dr. Pritam Malakar, Dr. Mukesh Kumar and other faculty were present in the lecture to initiate the program. Lastly, a vote of thanks was given by Dr. Mukesh Kumar.	
3	The Department of Civil Engineering organized a Technical Session dated 16th of November, 2024. The Expert speaker for the program was Dr. Abhijit Kundu, faculty of the Civil Engineering Department. He has a PhD in Geotechnical Engineering and has had experiences in Industry and teaching for many years. The welcome speech was given by Prof Hemant B. Dahake and the session was started by Dr. Abhijit Kundu. He gave a Technical Session on A noble method of soil stabilization by using bacterial secretions for the earthwork of greenfield highway infrastructure projects in Central India. He also explained various ways to enhance the stability of soil and its use in different scenarios in the presence of all the Civil Engineering faculty.	
4	Under the Civil Engineering Students Association (CESA), the Department of Civil Engineering organized a Parent Teacher Meeting dated on the 15th of February 2025 for all students and parents. For the Parent-Teacher meeting Prof Hemant B. Dahake Head of the Civil Engineering Department was present in the meeting along with Prof Dr. Bhushan Shinde, Prof Ishant Dahat, Prof Vishal Sapate and all the faculty members of the Civil Engineering Department were there	

	in the meeting as subject teachers. All the parents, students and teachers were present in the meeting. During the meeting, there was a discussion on various issues regarding academic as well as non-academic activities in the college with parents. At the same time, we had a detailed discussion on the quality of education, marks, attendance, proper uniform, Identity cards, fees, etc.	
5	The Department of Civil Engineering organized a Guest Lecture on 21st March, delivered by Dr. Susanta Banarjee, Professor at NIT Calicut. Dr. Banarjee, a specialist in Structural Engineering from IIT (ISM), Dhanbad, spoke on emerging trends such as sustainable construction, green building technologies, smart cities, BIM, 3D printing, and AI in infrastructure development. He also highlighted advanced materials like self-healing concrete and emphasized the need for eco-friendly designs. The interactive session proved highly beneficial, enhancing faculty knowledge of current industry practices and technologies. The program was graced by Prof. Hemant B. Dahake, Dr. Pritam Malakar, and other faculty members.	
6	The Department of Civil Engineering organized a Learning and Development (L&D) Session dated on the 05th of April 2025. The Expert speakers for the program were Prof. Ishant Dahat and Prof Hemant B. Dahake, faculty of the Civil Engineering Department. Both of them are from a Structural Engineering background and having experiences for many years. The welcome speech was given by Prof Hemant B. Dahake and he also gave an introduction to REVIT ARCHITECTURE. The latter session was carried Prof. Ishant Dahat. During the session on Revit Architecture it was explained various types of Revit	

Architecture and its use in different scenarios were explained in the presence of all the Civil Engineering faculty. Also, explained its applications, implementation, career opportunities and benefits lastly we concluded the session with photographs.

Sr. No	Detail	Photo
1	A one-day industrial visit has been organized by the department of Computer Science & Engineering and Department of Computer Application, to LitsBros Pvt. Ltd., Rathi Nagar, Amravati. The visit was scheduled on 8th April 2025. 35 Students from 6th semester have joined the visit. Around 11:30 am we reached the company. Mr. Amit Sawarkar, Director, along with other company staff received us with a warm welcome. **Objectives of the Visit:** The main objectives of the visit were: • To understand the working environment and operations in an IT company. • To observe the various stages of product development and client interaction. • To interact with industry experts and understand their roles in the company. • To learn about emerging technologies and their practical applications. **Outcome of the visit:** • The industrial visit to LitsBros Pvt. Ltd. was a highly enriching experience.	

•It gave students valuable exposure to the practical aspects of working in an IT company, the technologies they use, and how they manage client projects. •The visit not only helped students to understand the working environment of an IT company but also motivated students to pursue careers in this field by developing the necessary skills and knowledge. •The company's commitment to innovation and excellence was evident throughout the visit, leaving us with a greater understanding of the IT industry and its future prospects. •Also, the Department of Computer Science and Engineering and Bachelor of Computer Application have signed a Memorandum of Understanding (MoU) with LitsBros Pvt. Ltd. to promote collaboration in industrial training, internships, expert sessions, and future project opportunities.

 Brief Report with Photos in above mentioned sequence

Sr.No	Report	Photos
1	The Spark Forum organized "On Salesforce Admin – An Introduction Guide for Students", introducing students to Salesforce, a cloud-based CRM platform that helps manage customer interactions and streamline business processes. The event began with a welcome to Vice Chancellor Dr. Vinayak Deshpande, Dean Student's Welfare Dr. Prashant Avchat, and Guest Speaker Mr. Nitin Chitale, who explained Salesforce administration and its powerful reporting features for tracking business performance and informed decision-making.44 students from various departments participated, making the event a successful and engaging learning experience.	

2	The program introduced students to **Augmented and Virtual Reality technologies** through expert talks, live demos (Meta Quest 2 and mobile AR tools), and interactive Q&A sessions. **27 students** from multiple departments participated, with **70% expressing interest** in AR/VR projects. Faculty plans include a **certificate course on immersive technologies** next semester. Positive feedback highlighted hands-on experience, while suggestions included longer sessions and advanced modules.	
3	**Expert Session on Generative AI Organized by:** Department of Computer Science and Engineering & Department of Computer Applications, G H Raisoni University, Amravati The departments organized an **"Expert Session on Generative AI"** to introduce faculty to the rapidly evolving field of **Generative AI (GenAI)**, which creates content such as text, images, audio, video, and code, mimicking human creativity. The event began with a welcome to **Dean, School of Engineering and Technology Dr. Amit Gaikwad**, and **Guest Speaker Dr. Sneha Bohra**, who presented **"Report Writing with Generative AI – A Practical Guide for Faculty."** The session covered theoretical foundations, practical applications, ethical considerations, and hands-on use of generative models like **GPT, DALL·E, and Stable Diffusion**, enabling faculty to integrate AI into teaching and research. **20 faculty members** participated, making the session a successful and engaging learning experience.	
4	**Expert Session on Joomla CMS** **Organized by:** Department of Computer Science and Engineering & Department of Computer Applications, G H Raisoni University, Amravati The departments organized an **Expert Session on Joomla Content Management System (CMS)** to provide faculty members with hands-on experience in building dynamic websites and managing online applications. The event began with a welcome address, followed by an engaging session by **Mr. Chetan Saharkar**, who demonstrated Joomla's features, including content creation, template management, extension integration, and site maintenance. An interactive Q&A concluded the session, enhancing faculty understanding of using Joomla for academic websites and departmental portals. **20 faculty members** attended, making the session a successful learning experience.

1	The EESA forum of Electrical and Electronics Engineering at G. H. Raisoni University, Amravati, organized a one-day industrial visit to the Centre of Excellence, SSGMCE Shegaon, for EE and EXTC students. The visit aimed to enhance students' skills in Electronics, Automation, and Robotics through practical exposure linking theory with industry practices. It also helped develop technical awareness, career interests, and market knowledge. The visit was facilitated by Dean of Student Welfare Dr. Prashant Awachat, Registrar Prof. Snehil Jaiswal, HoD Prof. C.M. Bobade, and Forum In-charge Prof. Ganesh D. Khadsane, with support from Hon. Vice-Chancellor Dr. Vinayak Deshpande and other university officials.	
2	The Departments of Electrical and Electronics & Telecommunication Engineering, G.H. Raisoni University, Amravati, organized a one-day site visit to the 68 KW rooftop solar plant installed at the School of Pharmacy. The visit aimed to enhance students' skills in Electronics, Electrical, and Instrumentation Engineering with practical exposure to renewable energy systems. Asst. Prof. Tushar Nakod and Prof. Ganesh Khadsane, along with student coordinators, trained participants on solar technologies, including types of panels, photovoltaic energy conversion, panel connections, ACDB/DCDB, net metering, energy generation calculations, and government subsidies. Students also learned about the role of solar energy in reducing global warming. The visit was supported and encouraged by Hon. Vice-Chancellor Dr. Vinayak Deshpande, Dean Dr. Prashant Awachat, Registrar Dr. Snehil Jaiswal, Dr. Shrikant Chavate (HoD EXTC), and Prof.	

	Chetan Bobade (HoD EE). More than 20 students benefited from the program.

1	ETSO forum of Electronics & Telecommunication Engg dept of G H Raisoni University, Amravati conducted the one day workshop on IoT with Arduino UNO for the students of CSE, EXTC, AI,DS, EE,BCA. The workshop is organized to motivate students to enhanced the skills in the era of Electronics & Automation. The IoT is the key of automation in the present era, considering this the dept of Electronics & Telecommunication Engg organised one-day workshop. In this workshop the student Forum in charge Prof. Tushar Nakod with the team of student coordinator trained the participants giving he hands-on practice. Hon. VC Dr. Vinayak Deshpande, Registrar Prof. Snehil Jaiswal, Dr. Nitin Mandaogade, HoD (EXTC) Dr. Shrikant Chavate, HoD (FY Btech),Dr. Mukesh Kumar and PRO Mr. Nitin Bhat were present for the program. More than 140 students were benefited.	
2	Department of Electronics & Telecommunication Engineering, G H Raisoni University, Amravati conducted the expert talk on Opportunities in RF and Wireless Communication at G H Raisoni University Amravati. This expert talk is organized to motivate the students for the enhancement of the skills in the era of Electronics & Telecommunication, Instrumentation Engineering. In this talk, the coordinator, Asst. Prof. Yashashri Sonare organized an event to motivate the participants to relate theoretical knowledge based on RF technologies with real life applications. Experts discussed that how students as an RF Intern in repudiated companies like HFCL, Capgemini and Government Institutions with basic RF knowledge. Expert exchanged ideas on working with different radio units like control & distribution units etc. He focused more on designing AI Smart antennas, RF optimization, Antenna optimization and Beamforming concepts. He gave valuable opinion on doing communication based on mini projects like Portable MRI machines, Designing of Trans-Receivers, Healthcare & IoT projects. He guided about required skills like Embedded C, Python, VLSI, IoT and insisted to build the programming capabilities for students at college level. Expert	

delivered meaningful insights on Opportunities in RF and Wireless Communication.

Detailed Report

SN	Report	Geotagged Photos
1	On March 18, 2025, a group of 30 students from SHMCT visited the Radisson Blu Nagpur. The Radisson Blu Nagpur is a well-regarded, full-service hotel. The visit provided the students with an opportunity to observe the day-to-day operations of a luxury hotel. Key areas of focus included: • **Front Office:** Observing check-in/check-out procedures, guest services, and reservation management. • **Housekeeping:** Understanding room cleaning processes, laundry operations, and hygiene standards. • **Food & Beverage:** Exploring restaurant operations, kitchen management, banqueting, and catering. • **Other Departments:** Depending on the visit's focus, students also observed sales and marketing, human resources, engineering, or security. The visit included a combination of the following activities: • Guided tours of the hotel facilities. • Presentations by hotel staff from different departments. • Question-and-answer sessions with hotel management. • Demonstrations of specific hotel operations. The hotel visit to Radisson Blu Nagpur provided the SHMCT students with valuable practical exposure to the hotel industry. Such visits are crucial for supplementing classroom learning and providing students with a realistic understanding of hotel operations and the diverse career opportunities within the hospitality sector.

SN	Report	Photos
1	Flower arrangement workshop- On July 24, 2024, the School of Hospitality Management and Catering Technology (SHMCT) at GHRU-A University organized a Flower Arrangement Workshop for its hospitality students. The workshop provided practical skills training to 20 student beneficiaries, enhancing their understanding and proficiency in aesthetic presentations crucial for the hospitality industry."	

2	World tourism day celebration-"On September 27, 2024, the School of Hospitality Management and Catering Technology (SHMCT) at GHRU-A University commemorated World Tourism Day with a special event. Organized by the university's hospitality students, the celebration focused on the 2024 theme of 'Tourism and Peace,' engaging 18 student beneficiaries in activities designed to highlight tourism's role in fostering understanding and sustainable development."	
3	On December 24, 2024, the Hospitality Forum of SHMCT students at GHRU-A University successfully organized a vibrant 'Cake Festival.' This highly anticipated event served as an excellent platform for students to demonstrate their patisserie expertise and innovative baking skills, delighting attendees and showcasing the practical talents fostered within the hospitality program.	
4	April 12, 2025, the Hospitality Forum, a dedicated student body of SHMCT at GHRU-A University, proudly organized an Elocution Competition. This significant event was held in celebration of Dr. B.R. Ambedkar's birthday, providing an impactful platform for students to hone their public speaking and critical thinking abilities while honoring the profound contributions of Dr. Ambedkar. The competition successfully encouraged intellectual engagement and oratorical excellence among participants.

S.No	Report
1	On December 13, 2024, the School of Management Studies, G H Raisoni University, Amravati, organized a successful one-day industrial visit to Stewol's Pvt. Ltd. and Haldiram Foods International, Nagpur, for 49 BBA and MBA students. Accompanied by senior faculty member Dr. Kaustav Mukherjee, Training and Placement Coordinator Mr. Amol Pande, and Foreign Language Trainer Ms. Nilima Nathe, the students explored the steel wool manufacturing processes and sustainability practices at Stewol's, followed by insights into the global branding, supply chain, and quality assurance strategies of Haldiram Foods. The visit not only enhanced students' understanding of manufacturing and operational strategies but also offered valuable lessons on corporate culture, teamwork, and leadership. With active participation in discussions and Q&A sessions, the students effectively bridged the gap between classroom learning and industry practices, making the visit an enriching and practical learning experience

Brief Report with Photos in Above Mentioned Sequence

SN	Detailes Report	Geotagged Photos
1	On 5th September 2024, the School of Pharmacy organized a Teachers' Day celebration in the Seminar Hall to honor the dedication of its teaching staff. The event featured a Teaching Activity Competition where students from B. Pharm and D. Pharm demonstrated innovative teaching methods. This was followed by fun games and interactive activities arranged for the teachers, creating a cheerful and engaging atmosphere. The celebration successfully combined academic creativity with entertainment, fostering stronger bonds between teachers and students and making the day memorable for all participants.	
2	The School of Pharmacy, G. H. Raisoni University, Amravati, celebrated the 4th National Pharmacovigilance Week and World Pharmacists Day from 15th to 18th October 2024 with great enthusiasm. The event included scientific competitions, a tree plantation drive, a rally, and a health camp aimed at enhancing students' overall skills. Students from both degree and diploma programs actively participated and showcased their talents. A blood donation camp was held, where 53 donors contributed, along with a health check-up camp at the Primary Health Centre, Anjangaon Bari, benefiting around 60	

	patients. A dentist also joined the camp, and pharmacy students examined basic health parameters such as blood pressure, sugar levels, and height-weight measurements. Hon'ble Vice-Chancellor Dr. Vinayak Deshpande, Registrar Prof. Snehil Jaiswal, and Dean Student Welfare Dr. Prashant Awchat appreciated and encouraged the participants. The entire event was conducted under the guidance of Dr. Narendra Chandra (Dean, School of Pharmacy) and Dr. B. V. Nagarjuna Yadav (HOD, Pharmaceutics), with commendable support from the Students' Forum and volunteers.		
3	The School of Pharmacy, G. H. Raisoni University, Amravati celebrated National Pharmacy Week from 19th to 22nd November 2024 with great enthusiasm. The event featured various sports and scientific activities coordinated by the faculty to enhance the overall skills of students. Both degree and diploma students actively participated and showcased their talents. A Health Awareness Rally on the theme "Think Health, Think Pharmacy" was also organized to promote awareness about the pharmacist's role in healthcare. The valedictory ceremony was graced by Dr. Vikrant Pradip Wankhade, who highlighted the importance of Pharmacy Week and encouraged students to contribute to society through their pharmaceutical knowledge. Hon'ble Vice-Chancellor Dr. Vinayak Deshpande, Registrar Prof. Snehil Jaiswal, and Dean Student Welfare Dr. Prashant Awchat appreciated the efforts of the participants. The celebration was successfully conducted under the guidance of Dr. Narendra Chandra (Dean, School of Pharmacy) and Dr. B. V. Nagarjuna Yadav (HOD, Pharmaceutics), with strong support from the Students' Forum and Volunteers.

1	A one-day industrial visit has been organized by the department of Computer Science & Engineering and Department of Computer Application, to LitsBros Pvt. Ltd., Rathi Nagar, Amravati. The visit was scheduled on 8th April 2025. 35 Students from 6th semester have joined the visit. Around 11:30 am we reached the company. Mr. Amit Sawarkar, Director, along with other company staff received us with a warm welcome. **Objectives of the Visit:** The main objectives of the visit were: • To understand the working environment and operations in an IT company. • To observe the various stages of product development and client interaction. • To interact with industry experts and understand their roles in the company.	

• To learn about emerging technologies and their practical applications. **Outcome of the visit:** • The industrial visit to LitsBros Pvt. Ltd. was a highly enriching experience. • It gave students valuable exposure to the practical aspects of working in an IT company, the technologies they use, and how they manage client projects. • The visit not only helped students to understand the working environment of an IT company but also motivated students to pursue careers in this field by developing the necessary skills and knowledge. • The company's commitment to innovation and excellence was evident throughout the visit, leaving us with a greater understanding of the IT industry and its future prospects. • Also, the Department of Computer Science and Engineering and Bachelor of Computer Application have signed a Memorandum of Understanding (MoU) with LitsBros Pvt. Ltd. to promote collaboration in industrial training, internships, expert sessions, and future project opportunities.

Report

SN	Report	Photos
1	The department of Forensic Science, G H Raisoni University, Amravati organized a field visit to Dr. Panjabrao Deshmukh Memorial Medical College for around 120 students. The visit included an introduction to the college, its history, infrastructure, and medical courses. Students attended a lecture on emergency medical care, focusing on CPR techniques and life-saving skills. A group discussion allowed interaction with faculty and peers on medical and forensic topics. The visit concluded with a demonstration of human anatomy and the skeletal system, linking theoretical knowledge to practical applications. The session ended with a vote of thanks, enriching students' understanding of medical and forensic sciences.	

2	On 11th February 2025, B.Sc. Forensic Science 3rd-year students of G.H. Raisoni University, Amravati, visited the Regional Forensic Science Laboratory (RFSL), organized by Ms. Qurratul Ain Kausar Ansari and Mr. Subhan Nimsurwale, with faculty support. The visit provided practical exposure to divisions such as Forensic Biology, Chemistry, Toxicology, Document Examination, Fingerprints, Ballistics, Digital Forensics, and Photography. Students learned specialized techniques like DNA profiling, toxic substance analysis, and cybercrime investigation. Interaction with Dr. Manoj Bhandarkar highlighted the importance of precision, ethics, and ongoing learning in forensic science. Hands-on demonstrations reinforced evidence collection and examination processes, bridging theory with real-world applications. The visit offered a motivating experience, enhancing understanding and inspiring future careers in forensic science

Report

Event Name	Detail Report	Phots
Animation – Bring Life to Imagination	On 7th December 2024, G.H. Raisoni University, Amravati, hosted a seminar on "Animation – Bring Life to Imagination" by Dr. Nitin N. Mandaogade. He traced the evolution of animation from manual techniques to digital innovations, highlighting its role in storytelling, education, and social change. Dr. Mandaogade discussed career opportunities in 3D modeling, visual effects, and game design, while also stressing creativity and technical skills. He shared personal experiences, explored emerging trends like AI and AR, and engaged students through interactive discussions. The seminar concluded with a vote of thanks, leaving the audience inspired and appreciative of animation's vast potential.	
CO-PO Mapping by FY , SOET	The B.Tech First Year Department of G.H. Raisoni University organized the CO-PO Mapping Program on 7th December 2024, with an expert talk by Prof. Anil Kedar. The event focused on aligning Course Outcomes (COs) with Program Outcomes (POs) to improve teaching, assessments, and accreditation standards. Prof. Kedar shared valuable insights on effective strategies and best practices, followed by an interactive workshop where faculty applied the concepts through hands-on activities. With active participation from faculty, coordinators, and department heads, the program successfully enhanced understanding of Outcome-Based Education and its role in strengthening academic quality.	
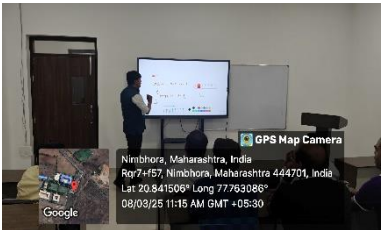

Visit to Police Station by SOL	The School of Law, G.H. Raisoni University, Amravati, organized an industrial visit for 1st-year BALLB students to Rajapeth Police Station under the guidance of Dr. Nitya Nand Pandey, Asst. Prof. Renu Mohod, and Asst. Prof. Kshitija Deshmukh. Students observed the reception desk, roll call meeting, and investigative section, gaining insights into case handling, evidence collection, and community engagement. They also visited the jail and PCR room while learning about modern facilities like communication systems, patrol vehicles, weapons, and surveillance systems. Interactions with API Brahmannad Deshmukh and his team highlighted the challenges of maintaining law and order and the importance of teamwork. The visit offered students valuable practical exposure to policing and public safety.

CHAPTER 6: Research & Development Cell

This chapter provides an overview of the Research and Development (R&D) Cell and the PhD Cell of the University, highlighting their structure, objectives, and activities.

The R&D Cell is designed to foster a culture of innovation and research among faculty and students. It coordinates research projects, facilitates funding opportunities, encourages interdisciplinary collaborations, and monitors ongoing research initiatives. The cell also organizes workshops, seminars, and training sessions to enhance research capabilities and to ensure adherence to ethical and quality standards in research.

The PhD Cell serves as a dedicated support system for doctoral candidates. It oversees PhD admissions, guides candidates through the research proposal and review process, monitors progress, and ensures compliance with University regulations. The cell also facilitates access to research resources, promotes publications in reputed journals, and organizes doctoral workshops and scholarly interactions.

Together, both cells play a pivotal role in strengthening the research ecosystem of the University, promoting high-quality research outputs, and nurturing academic excellence among scholars and faculty.

6.1 Details of Research & Development Cell

The Research and Development (R&D) Cell of the University plays a central role in promoting research excellence among faculty and students. It actively monitors and supports research publications in reputed journals, encourages filing of Intellectual Property Rights (IPR) including patents, and facilitates participation in national and international conferences. The cell also organizes and tracks faculty development and training programs, workshops, and seminars to enhance research skills, foster innovation, and ensure that faculty remain updated with the latest advancements in their respective fields. Through these initiatives, the R&D Cell strengthens the research culture and contributes to the academic and technological growth of the University.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India and we have fulfilled our other ethical responsibilities in accordance with this ethical requirements and code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Management is responsible for the preparation of these standalone financial statements in accordance with The Maharashtra Act No. XXIX of 2018 and for such internal control as Management determines is necessary to enable the preparation of the financial statement that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intend to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those Charged with Governance are responsible for overseeing the entity's financial reporting process.

V V AGRAWAL & ASSOCIATES
CHARTERED ACCOUNTANTS

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern.

V V AGRAWAL & ASSOCIATES
CHARTERED ACCOUNTANTS

- If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

(ii) Earmarked Revenue Grants pending utilization are shown as "Restricted Grant" in the balance sheet and on it utilization on matching concept recognized as revenue and transferred to income and expenditure Account

3. Property plant and Equipment and Depreciation

All items of property, plant and equipment are accounted as per Cost Model defined in AS 10 (Revised) Property Plant and Equipment. In this way items of property, plant and equipment are carried at its cost less any accumulated depreciation and any accumulated impairment losses, if any Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Borrowing costs directly attributable to acquisition of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use

Depreciation on Tangible Assets is provided on the Straight-Line Method. The residual value of Property, plant and equipment considered as 5% of the original cost of the asset. The carrying cost of assets is reviewed at each balance sheet date to determine if there is any indication of impairment thereof based on external/internal factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds their recoverable amounts, which represent the greater of the net selling price of assets and their 'value in use'. The estimated future cash flows are discounted to their present value at appropriate rate arrived at after considering the prevailing interest rate and weighted average cost of capital.

4. Inventories:
Inventories are mainly in the nature of consumables (stationary and miscellaneous material), these consumables have been charged to Income and Expenditure Account only to extent of actual consumption.
