5 Days Faculty Development Programme On

Integrating Artificial Intelligence into Higher Education: Pedagogical Strategies, Tools, and Ethical Frameworks (Offline)

Sponsored By

Association of Indian Universities (AIU) & G H Raisoni University, Amravati Academic and Administrative Development Centre (AADC) (Offline)

Offline FDP Date - 08-12 June, 2026

Time - 10:00 AM - 04:00 PM

Organized by
Department of Computer Science and Engineering

**G H RAISONI UNIVERSITY,
AMRAVATI**

G H Raisoni Nagar, Anjangao Bari Road,
Amravati - 444701.

Website : <https://ghrua.edu.in>

About the University -

G H Raisoni University, Amravati (GHRUA) is a vibrant community of academicians and learners that helps students to choose and succeed in the field of their choice. The University is committed to the present day knowledge-driven global economy by imparting state of the art education to the aspiring and ignited young minds to prepare them to succeed, flourish, and prosper in their career. A naturally green campus of the University having excellent location with easy approach from all sides of the city, facilitates the environment friendly atmosphere for all round development of the students. This is a massive educational institute in central India aimed at providing quality undergraduate and postgraduate programs to the students. The University is a private university, located near Nimbhora, Anjangaon Bari Road, Badnera, Amravati – 444701. The University offers various courses at various levels of Diploma, UG, PG and PhD in the field of Science, Engineering & Technology, Commerce & Management, Pharmacy, Hotel Management and Law.

About the Department -

The Department of Computer Science and Engineering is dedicated to achieving academic excellence, fostering innovation, and promoting continuous professional development in the domain of computing and engineering education. The department plays a vital role in cultivating an intellectually stimulating environment that emphasizes high-quality teaching, cutting-edge research, and industry-relevant learning practices. It offers a well-structured and comprehensive curriculum designed to provide students with strong foundational knowledge as well as advanced competencies in emerging areas such as Artificial Intelligence, Machine Learning, Data Science, Cybersecurity, Cloud Computing, and Software Engineering.

Overview of FDP:

This Faculty Development Programme (FDP) aims to equip educators with the knowledge and practical skills required to effectively integrate Artificial Intelligence (AI) into higher education. The programme will explore innovative pedagogical strategies, AI-powered tools for teaching and learning, and the ethical considerations surrounding AI adoption in academic environments.

Participants will gain insights into enhancing student engagement, personalizing learning experiences, automating academic tasks, and fostering critical thinking through AI integration. The FDP will also address key issues such as data privacy, academic integrity, bias in AI systems, and responsible use of technology in education.

Objectives of the FDP :

- To introduce foundational concepts of Artificial Intelligence in education
- To explore AI-driven teaching and assessment tools
- To design AI-integrated pedagogical strategies
- To understand ethical, legal, and social implications of AI in academia
- To promote responsible and effective use of AI technologies

Resource Persons -

The Faculty Development Program (FDP) has been enriched with distinguished speakers from various industries as well as academic researchers.

Who Can Participate -

Faculty members, researchers, academic administrators, and educators interested in leveraging AI for teaching and learning.

Session Timings : 10:00 PM – 4:00 PM

Last date of Registration : 25th April, 2026

Registration Link :
